

RED STARR
S.P.R. DE R.L.

ABOUT US? We are a Society of Rural Production of Limited Liability and Variable Capital established in the Valley of Tecomán, Colima, started operations on June 9, 2005, was created with 4 partners who worked together for a company with activities related to agriculture in the production of melon, watermelon, papaya. The culture of the company is always doing things respecting quality standards, which go hand in hand with INNOCUITY.

RED STARR

S.P.R. DE R.L.

MISSION To be the leading company nationally and internationally, with the best quality in the production and handling of Papaya and vegetables such as Sandia and Melon Blanco. To have satisfied the requirements of our clients in Mexico, the United States, Canada and Japan. Having a work team organized and prepared to carry out the process

VIEW To be a leading and avant-garde company in the production of fresh vegetables, being the quality of our products that distinguishes us. Offer a warm and cordial climate to our primordial engine, "the workforce" that allows the development and growth of our team of both personal and professional work.

- What do we produce in our company? We are currently producing mainly: Melon and Watermelon.
- With the following annual production:

PRODUCT HECTARES TONS PER YEAR

Melon	95	3500 Tons
